| 4 Common shareholders holding less than one trading unit. | 229 | 3,332 | 0.0% | |
| | รวม | 2,587 | 381,145,725 | 100.0% |

Note

- *1 Count the shareholdings of the top 4 directors, managers, or executives, starting from the manager downwards, including the shares they hold.
This includes related persons and those with blood, marital, or legally registered relationships with the aforementioned individuals.
This should also include shares held by other individuals on behalf of the owner, such as custodians or private funds.
- *2 Shareholders holding more than 5% of the paid-up capital with the following characteristics are not considered Strategic Shareholders:
- (1) Shareholders who are life insurance companies, general insurance companies, mutual funds, provident funds, social security funds, and pension funds.
Investment projects that have been legally approved
 - (2) These shareholders have not nominated representatives to serve as directors and executives of the listed company (if they had nominated representatives to serve as directors). And executives of listed companies will be considered Strategic Shareholders and must report their shareholding as shareholders of > 5% as per Clause 1.2.
